

Label parity features

Labels remain single-line. The left column uses **fit="shrink"**; the right column keeps the current non-fitting behavior for comparison. 12 pt fonts specified.

fit="shrink"

A very long translated page heading

Quarterly **Performance** Summary

Short headings are fine.

without fit

A very long translated page heading

Quarterly **Performance** Summary

Short headings are fine.

Label **angle** rotates only the text. Widget **rotate** transforms the full box, including fill and border.
